## Star Valley Therapeutic Activities & Riding

*"Changing lives one hoofbeat at a time"*

S.T.A.R. Equine Therapy is a new program in Star Valley for individuals with physical, mental and emotional challenges.

Equine assisted therapy is a special world that brings together horses, disabled children and adults and caring volunteers. In the process, the lives of everyone involved are enriched. It combines the love of horses with rehabilitating therapy.

S.T.A.R. is a pending non-profit 501(c)3  
sanctioned by NAHRA  
(North America Riding for the Handicapped Association)
